How can I be sure  
there is a God?

Accident or design?

The conscience

Wherever you go in the world you find that mankind has a belief system of one description or another. Why is that? We were made to have a relationship with God (eg Micah 6:8).

We are not out to promote religion, but it does show our deep-rooted instinct in God. May be useful to briefly show the difference between religion and relationship.

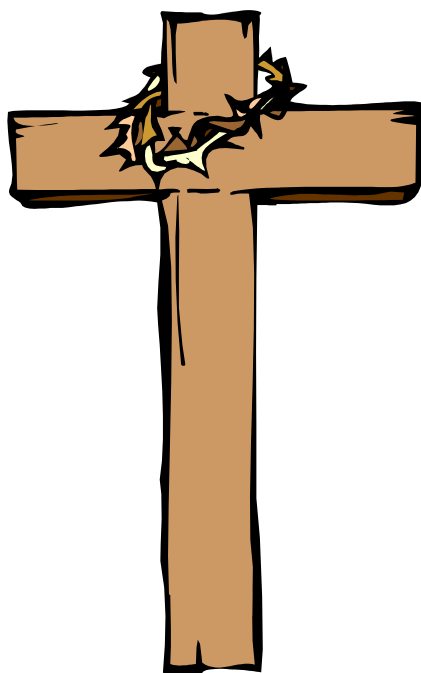

Religion

A God given book

A God sent person

God's forgiveness

Finally a person can only really be 100% sure of God's existence by doing this – seeking Him. Isaiah 55:6 etc.

By seeking Him

you will find Me,  
when you search for  
Me with all your  
heart
