

If there is **no God**...

Where does **life** come from?

Why is the **earth** suited to man?

Why is man **unique**?

Why **7 days** in a week?

How can we know **right & wrong**?

Is there a **purpose to life**?

How do you explain **Jesus' life**?

How do you explain the **resurrection**?

God demonstrates His own love toward us, in that while we were still sinners, Christ died for us.
